

Received from JP Brent Meyers - Legislative items for consideration.

1. Last Legislative Session, I believe Sue Scott attempted to pass an Open Firearm Carry Law. I believe the legislation failed but it has led to various demonstrations in at least two Counties by pro-open carry groups. I would like to see legislation reopened or new legislation clarifying Arkansas Open Carry Laws.
2. Repeal the law that excludes Elected Officials and County Employees from bidding on items being auctioned at open public auctions by the County or District that they work or are elected in.
3. Repeal the law that requires Law Enforcement Agencies to destroy all firearms they seize or confiscate. Allow the Agencies/Counties to auction the firearms to those citizens who can legally purchase firearms. The proceeds could go to the General Fund or to the Sheriffs Firearms Fund. The auctioned firearms could only be sold to Arkansas Residents that meet the States Firearms Procurement Requirements. The auction would have to be completed by a Federal Firearms Licensed (FFL) Dealer.
